

Reiki Workshop Information

Reiki workshops are approved by the UK Reiki Federation and comply with the National Occupational Standards (NOS) for Reiki and the Reiki Core Curriculum of the Reiki Council. Verification no: 2012-1016P.

The attunements and style of teaching are those of Usui Ryoho Reiki Jin-Kei-Do, also known as Usui-Shin-Kai (Core Teachings of Usui) – Traditional Usui Reiki in the lineage of Venerable Seiji Takamori and do not include any 'New Age' additions.

Reiki 2nd Degree

The 2nd Degree Reiki workshop is given the Japanese name of Okuden (meaning "Inner Teachings"). You will learn about the symbols that enhance the strength and distance over which Reiki can be exerted.

Symbols are used to form a temporary connection between the practitioner and the recipient, regardless of location and time Reiki energy can then be sent. Another attunement is given, which further increases the capacity for Reiki to flow through the student, as well as empowering the use of the symbols. Once you have completed this level, you can work without being physically present with the recipient - a practise known as "distant healing".

Prerequisites:

- The applicant has been at Reiki 1st Degree for a minimum of three months.

Training includes:-

- Second Degree Reiki attunement
- Exploration of the second degree Reiki symbols, their deeper meanings and functions
- Use of the symbols: how to empower oneself, spiritual development, self healing and use in the treatments for others
- Guided meditations
- Methods of absent/distant healing
- Comprehensive course notes accompany this workshop

The training is given intensively over two days, you are encouraged to devote time daily for the following three weeks for self-practice. This instigates a personal growth process through experience and the development of understanding/awareness. By applying the training for yourself and others, personal insight develops, thus fully utilising the connection to the energy made during the initial training. Keeping a personal journal of thoughts/impressions can be helpful in this self-exploration and practice.

As in the Reiki 1st Degree workshop, a feedback report (worksheet/homework) is requested from you and when returned to your tutor your certificate is issued. Students are expected to take their course work into their daily lives, keeping a journal of treatments, distant treatments, personal thoughts and changes in your life etc. Public liability insurance is also required as a practitioner of Reiki Therapeutics, for a student to be added to a Reiki Therapist Register.

Workshop Fee/Personal Investment £210.00 Deposit £50 (non-refundable)

Balance due at least two weeks prior to the workshop date by cheque, BACS or cash on the first day of training also accepted.
